

∴ one medical seniors

Offer premium, value-based primary care at no additional cost

One Medical Seniors is specifically designed for adults on Medicare. Here are the benefits for you and your clients.

For you:

Better retention

Our retention rates are higher than industry average, which means greater satisfaction for your clients.

Reduced service calls

We spend more time with our patients and help them with questions that might otherwise come to you — so you can focus on growing your business.

Support and resources

Our team is your immediate point of contact for concerns, client issues, and partnership requests. They can even help onboard your clients.

Medicare plans we accept

We accept Original Medicare, with or without most supplement plans, and select Medicare Advantage plans.

For your clients:

More time with their doctor

We schedule appointments with our patients for 30 minutes or 60 minutes — so your clients feel seen and heard, not rushed and hushed.

Value-based care

We prioritize your client's health goals and focus on preventive care. We provide services not available at Fee-For-Service doctor's offices, like an entire care team.

Care coordination

Our care team works with the patient's entire health network including specialists, insurance plans, and caregivers.

24/7 Availability

We offer same and next day appointments for acute needs and 24/7 access to a provider by phone. We have flexible care options based on patient requests.

In-network referrals

One Medical Seniors is not an HMO. We refer patients to specialists in their network and with zero additional cost on their Medicare plan.

Give your clients a great care experience

Visit onemedical.com/refer or call **800-482-4672**.

When you contact us, we will:

- Welcome your client to One Medical Seniors
- List you as their agent of record
- Answer questions your clients may have
- Schedule their initial doctor's appointment

Medicare agent resources

Visit to onemedical.com/agents for resources on:

- Medicare plans we accept in each market
- Bios for our providers
- Maps and addresses for our practices
- A video tour of one of our practices
- The "Refer a Client" form which lists you as the agent of record for your client
